Detailed Rationale

The rating revision is because of lack of adequate information regarding Bhatia Trading Company (BTC)'s performance and hence the uncertainty around its credit risk. Infomerics assesses whether the information available about the entity is commensurate with its rating and reviews the same as per its policy.

Infomerics has been regularly following up with the firm to provide the required data including FY19 (A) and FY20 (P) results to monitor its assigned rating to the bank facilities, vide E-mail communications dated April 13, 2020, May 11, 2020, May 26, 2020, June 08, 2020 and July 08, 2020 and concurrently over several phone calls. However, despite repeated requests by Infomerics, the firm's management has not submitted the essential details.

Availability of information is very critical in rating exercise. In the absence of the requisite information, in consonance with SEBI guidelines, Infomerics has to assign the rating based on the best available information. Accordingly, the long- term ratings for the bank loan facilities of Bhatia Trading Company aggregating to Rs.6.00 crore shall be moved to the 'ISSUER NOT COOPERATING' category by Infomerics and the rating be noted as IVR B+/Stable; Issuer Not Co-operating; Based on best available information (IVR B Plus /Stable: Issuer Not Co-operating; Based on best available information). Accordingly, the
