

## Press Release

**Phoenix International Limited**

**October 29, 2020**

### Ratings

Sl. No.	Instrument/Facility	Amount (Rs. Crore)	Ratings	Rating Action
1.	Long Term Bank Facilities- LRD	124.00	IVR BBB-/ Stable (IVR Triple B Minus with Stable Outlook)	Assigned
	<b>Total</b>	<b>124.00</b>		

Details of Facilities are in Annexure 1

### Detailed Rationale

The rating assigned to the bank facilities of **Phoenix International Limited** derives comfort from its experienced promoters, established brand recognition, refinancing of existing loan using LRD with extended tenure and escrow mechanism. However, the rating strengths are partially offset by the timely renewal of lease agreement with adequate rental escalation, modest scale of operations, Vulnerability of timely debt servicing to delays in rentals receipt.

### Key Rating Sensitivities:

#### Upward Factor:

- Improvement in rental income in case of new tenants

#### Downward factor:

- Heavy reliance on TATA teleservices for rental income
- Delay in repayment by the tenants due to low occupancy during the lockdown period

### List of Key Rating Drivers with Detailed Description

#### Key Rating Strengths

**Extensive experience of the promoters:**

## Press Release

The company benefits from the promoters' experience of over 15 years in the commercial real, shoe manufacturing business and estate industry. The company has been manufacturing shoes uppers since 2006.

### **Continued Rental Escalations:**

The lease agreements signed with the tenants show that there are continuous escalations in rental income which varies both in rate and time of escalation from tenant to tenant.

### **Key Rating Weaknesses**

#### **Exposure to risks related to timely renewal of lease contracts:**

Phoenix International Limited's lease agreements are long term (typically 5-6 years) with a lock-in period of 1-3 years. There is a possibility that the tenants might leave the premises.

#### **High customer concentration:**

The commercial space has been leased out to five entities, out of which Tata Tele Services Ltd (TTSL) is the major occupant, contributing around 44% of the rental income. The loss of even a single customer, especially TSSL, will exert pressure on revenue. This might lead to non-payment of the loan. The marginal dip in contribution was on account of the additional area let out to another tenant.

#### **Modest scale of operations:**

The company's operations in the footwear segment have remained stagnant over the years. The revenues have been constantly fluctuating in the range of Rs. 20–Rs. 25 crores. The company lowered its production in the footwear segment owing to the uncertainty in the applicable rate in footwear export under Goods and Services Tax (GST) regime. However, post that, there has not been any considerable improvement in the overall footwear-related income.

**Analytical Approach:** Standalone

#### **Applicable Criteria:**

Rating Methodology for Structure Debt Transaction (Non- securitisation transaction)

Financial Ratios & Interpretation (Non-Financial Sector)

**Liquidity – Adequate**

## Press Release

The term loan facility is structured in the form of a Lease Rental Discounting (LRD) facility. The terms of the LRD facility ensure that the lease rent income be routed directly to an Escrow Account and applied towards payment of scheduled interest and principal repayments of the LRD facility. Overall liquidity position seems to be Adequate. The company has enough surplus after the repayment has been done.

### **About the Company**

PIL was set up in 1995 and is managed by Mr. Ajay Kalsi and Mr. D. N. Kalsi. The company was earlier engaged in shoe manufacturing in Noida (Uttar Pradesh) The production was discontinued in 2000 and from fiscals 2000 to 2005, the company was largely involved in trading of shoe uppers in the export markets. In fiscal 2006, PIL restarted manufacturing of leather shoe uppers from a leased premise in Chennai (Tamil Nadu). Further in fiscal 2007, the company's erstwhile manufacturing facility in Noida was refurbished as a commercial office space and leased out to five tenants.
