**MM Aqua Technologies Limited**

**January 13, 2021**

### Ratings

	<b>Instrument/Facility</b>	<b>Amount (Rs. Crore)</b>	<b>Rating Assigned</b>
1	Bank Facilities- Long Term	12.00	IVR BB- (IVR Double B Minus)
2	Bank Facilities- Short Term	7.50	IVR A4 (IVR A Four)
	<b>Total</b>	<b>19.50</b>	

**Details of Facilities are in Annexure 1**

### Detailed Rationale

The rating assigned to the bank facilities of MM Aqua Technologies Limited derives comfort from extensive experience of promoters and diversified product profile, diversified and reputed customer base and moderate order Book position. The rating also considers moderate average financial risk profile, small scale of operations with diminishing margins, and working capital intensive nature of operations with elongation in operating cycle and intense competition in the industry.

### Key Rating Sensitivities:

#### Upward revision factors:

- Growth in scale of operations with improvement in profitability, and cash on a sustained basis.
- Manage working capital requirements efficiently with improvement in liquidity position.

#### Downward revision factors:

- More than expected moderation in scale of operations or profitability impacting the liquidity profile
- Moderation in the capital structure

## Press Release

### List of Key Rating Drivers with Detailed Description

#### A. Key Rating Strengths

- **Extensive experience of promoters and diversified product profile**

The Company has been present for more than two decades in the field of providing complete solutions to cooling towers, water and water waste management. This has enabled the management to establish strong relationships with vendors and customers. The top management at MMATL is supported by professionally qualified team having adequate experience in the industry.

- **Diversified and reputed customer base**

MMATL has an established customer base, primarily in the cooling tower segment. The company enjoys established relationships with most of its customers, with several repeat orders being garnered from them. Its customer base is moderately diversified with its top ten customers accounting for 67% of the total sales in FY2020.

- **Moderate Order Book Position**

The Company has order book position of ~Rs.23.45 crore to be executed in, providing revenue visibility. Further, with the diversified geographical presence of the company in India and abroad, the company will be in a better position to procure orders in future.

#### B. Key Rating Weaknesses

- **Moderate average financial risk profile**

Overall capital structure of the company remains moderate marked by Overall Gearing ratio (times) on net adjusted Tangible Net Worth at 0.69x as on March 31, 2020. The debt protection indicators like interest coverage are average at 1.52x in FY20 (1.88x in FY19). Further, total indebtedness of the company as reflected by TOL/TNW remained moderate at 1.22x as on March 31, 2020.

- **Small Scale of Operations with Diminishing Margins**

MMATL has been operating on a small scale and its turnover has remained in the range of Rs. 46 crore-Rs. 50 crore in past three fiscals. The company have cloaked sales of Rs. 19.22 crore 8M FY21. It is low since the initial 4 months due lockdown situation, it was nil, later it has started with limited labour. With the small scale of operations the

margins have also witnessed deterioration in past fiscal as witnessed by EBITDA and PAT margin of 5.56% and (0.50%) in FY20 whereas it was 7.51% and 0.36% in FY19. The entity has projected sales of Rs. 36.00 crore in FY21, and with order book in hand of Rs. 23 crore the projected sales seems achievable.

- **Working capital intensive nature of operations with elongation in operating cycle**

The company's working capital intensity of operations have usually tended to remain on the higher side due to high receivables as the debtor days reduced to 111 days as on March 31, 2020 as compared to 134 days as on the previous fiscal end on the back of higher orders executed in the last quarter and increased credit period extended. The creditor days has stood at 57 days as on March 31, 2020. The inventory levels have remained on a higher side at 101 days as on March 31, 2020 and 87 days as on March 31, 2019.

- **Intense Competition in the Industry**

MMATL, a small-sized player in the cooling tank industry, faces intense competition from large organized as well as small unorganized players across the domestic market.
